

OUR MISSION

We strive to enhance the quality of life for both clients and their carers.

ABOUT US

CHS Healthcare is a leading provider of quality and innovative patient transfer solutions and hygiene systems to the Healthcare industry in Australia.

We are an Australian owned and operated company and have been providing solutions to industry since 1997. We were first known as Ceiling Hoist Solutions until early 2015 when we changed our name to CHS Healthcare. Along with the name change came an increased product range to better service the needs of you, our valued clients.

Our expertise and experience is shared through our passionate team to ensure the best possible outcomes for both clients and their carers. CHS Healthcare specialises in patient lifting rail systems, portable and fixed hoists, and bariatric solutions for domestic applications through to aged care and hospital environments. We also stock a complete range of floor lifters, change tables, therapy baths, privacy screens and much more.

CHS Healthcare supports, educates and adheres to Australian and International Standards for your safety and peace of mind, and we offer exclusive CHS Care Plans for preventative maintenance.

We strive to be at the forefront by bringing the latest products available globally to Australia, ensuring our clients receive the most up to date solutions every time. CHS Healthcare is an exclusive distributor of a number of products and brands including the CHS Flexi-Link Connection System, Astor-Bannerman, Beka-Hospitec and OpeMed products and the Integralift Hidden Hoist.

We distribute products and provide services across Australia as part of our commitment to national supply. Our passionate team will assist with any project, from state of the art hospital projects and five star aged care facilities through to single installations in the residential sector and anything in between. Contact us today for anything from the design stage of your next project right through to preventative maintenance plans.

PROJECT APPLICATIONS

CHS Healthcare is a provider of quality and innovative patient transfer solutions and hygiene systems from the design stage right through to preventative maintenance. Our passionate team will assist with any project, from state of the art hospital projects and five star aged care facilities through to single installations in the residential sector and anything in between.

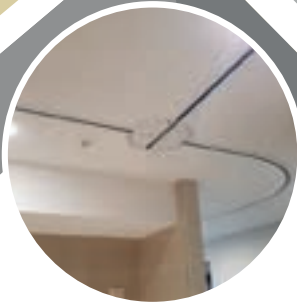

HOSPITALS

CHS Healthcare has installed and supported hospital facilities with the best patient transfer equipment across the country. Our equipment is utilised in many areas and wards including bariatric, CCU, emergency, ICU, maternity and physiotherapy.

AGED CARE

CHS Healthcare are experts in providing design and installation solutions for aged care facilities. In bedrooms, bathrooms and living areas our equipment saves time, reduces risk of injury and creates space.

COMMUNITY & SCHOOLS

CHS Healthcare strives to increase the quality of life for both clients and their carers, including in public places such as aquatic centres, schools, shopping centres, sporting precincts, and universities. CHS is also a proud sponsor and champion of the Changing Places campaign in Australia.

RESIDENTIAL

CHS Healthcare has extensive experience in the residential sector, making life easier for both children and adults. From a single rail over a bed to complex multiple room layouts, we have the products to meet your specific needs.

WHY CHOOSE US

Eliminate Risk

Our Care Plan meets and exceeds safety standards for equipment and workplace operation so you and your carers are able to minimise risk at your care facility. This ensures a safer workplace with fully serviced and tested equipment.

Expertise

We share with you over 20 years' of experience as a dedicated healthcare provider. Our experienced and proven CHS technical sales team will design and provide solutions to meet your specific needs, effectively and efficiently.

Impeccable Service

CHS customers are our number one priority. That's why we strive to provide product support and service second to none.

Australian Made

CHS Healthcare is the only company in Australia to manufacture ceiling hoist rail systems.

Australian Standards

CHS meets and exceeds AS/NZS ISO 10535:2011
Watermark Certification
WELS Compliance
